

The Erasmus+ App is owned and funded by the European Commission.

The Erasmus+ App has been developed under the 30 Years of Erasmus Campaign and is being further enhanced as part of the European Student Card Initiative. The aim of the application is to become the single point of entry for participants to access information on Erasmus+ opportunities, as well as to guide them through the processes surrounding their mobility and give them access to information and services.

Website: <https://erasmusapp.eu/>

The Erasmus+ App will guide you through your mobility journey and allow you to find all the relevant information and services to make your exchange more enriching and smooth.

Browse through the public feed full of tips and stories from your peers as well as events and deals offered by student organisations!

Log in to get the most out of the App and benefit from the Erasmus+ Journey that will offer step by step guidance and information throughout the mobility - before, during and after the exchange.

How to apply

For study mobility in a Programme country you can apply in the Erasmus+ App. For study mobility to Partner countries and for blended intensive programmes, you can apply through the International Relations office at your higher education institution. The process of selection in your home institution should be fair and transparent.

More information:

- Make sure you [know your rights](#) when you study abroad!
- If you have a disability make sure you visit the inclusivemobility.eu website for information about accessibility of different campuses in Europe and other practical information that you may find useful to organise your mobility period.
